A fine game of ball was played at league park yesterday to the tune of 4 to 0.

In the eighth Ketter hit a skipper to Bateman who fumbled but picked the ball up in time to fire it over too low. The sphere bounded to Lally, but Ketter had crossed the first sack. Pettifer tried to sacrifice but Gerard took the chance and retired Ketter at second. Gilligan hit a hard grass clipper to Potts who could not pick it up, and little Bobbie Barlow took the slice with determination standing out in his sunburned face. He hit a sky skimmer to center, which Powers got on the pick-up. He shot the sphere in home and Land caught Pettifer as he was trying to score. Moore singled safe to center and Morris' single to center accompanied by Power's fumble gave the two scores. Meander failed to do anything and retired the side with a low bounder to Brahie.

Marre in the next inning hit to Gerard who got his fingers full of dirt and couldn't find the horse hide. Land threw to Lally to catch Marre off first, and Lally muffed the throw. Marre going safely to second. Brady at this juncture saw fit to double to right center, scoring Marre and later going to third on a passed ball. Ketter tried to follow Brady's example but was thwarted by Powers who caught the ball but could not field it fast enough to catch Brady who scored. Pettifer struck out and Gilligan got safe to centerfield. Barlow's strikeout, however, retired the side.

The work of the players can be seen in the following summary of the plays and misplays:

RAIN AT HENDERSON.

Henderson, Ky., Aug. 20.—The Henderson-Vincennes game was postponed on account of rain. A double header will be played Sunday.

AMATEUR GAMES.

The Redmonds Unions will go to Dyersburg next Wednesday to play three games. The battery for the three days will be Dickie and Wilkins, Woodridge and Wilkins and Brown and Wilkins. The boys are in fine trim and the best amateurs in the city will be taken along. Dyersburg has a fast team and it will take all the ginger that the Redmonds have to defeat them.

GILLIGAN'S JOKE.

"Red" Gilligan liked to have been mobbed at Cairo, it is said, by very careless speech made among Cairo fans.

"We are going to throw all our games to Paducah", Gilligan is alleged to have jokingly remarked, "so they can get a little nearer the pennant. We think that other teams in sympathy with Paducah will also do this, and Cairo will not likely get the pennant after all."

After this Gilligan had to take to the "tail and nout." If he had really meant such a thing, yesterday's game is evidence sufficient to show it was a joke.

BALL NOTES.

"Big" Taylor, Paducah's fielding pitcher hits well on the circuit but here has not done so well, possibly because of the fans who take every advantage to "knock." They call him "Little Eva", "Baby" and many other similar names and the good natured pitcher sometimes gets too anxious to hit the ball and misses altogether.

Alexander and Ketter for Hopkinsville, Lloyd and Land for Paducah, will be the batteries for today.

One of the most popular ball players in the Kitty league is Pitcher Ferrell, of the Hopkinsville team. Ferrell is quiet and rarely ever kicks and when he does, kicks in a gentlemanly manner. He is popular with his own team and with members of all others. The Hopkinsville boys seem to be the best lot of boys so far as kicking and rowdiness are concerned, in the league.

Ben Boyd, the colored baseball manager and roofer, created much mirth in the grandstand yesterday by getting Pitcher Pettifer pretty badly rattled. Boyd was sitting on the corner of the fence on the colored bleachers, and his loud shrill voice

WHEN BABY IS COMING USE Mother's Friend

Woman's greatest dream of beauty and glory is when nature has chosen her to become a mother. Every faculty is keenly alert as she foresees the joy, ambition, success and the life-long satisfaction coming nearer, day by day, in the dear and innocent being so soon to see light, and the uncertainty whether she shall see a sweet girl or a brave boy face beside her on the pillow adds zest to her expectancy.

Mother's Friend applied externally throughout pregnancy will relieve the pain of parturition, and no mother and child can fail to be healthy, hearty, strong, clear complexioned, pure blooded and cheerful in disposition, who are mutually influenced by the continued use of this great liniment, MOTHER'S FRIEND.

Buy of druggists, \$1.00 per bottle. Our treatise "Motherhood" mailed free. THE BRADFORD REGULATOR CO., Atlanta, Ga.

could be heard the entire game through. When he began directing Pettifer how to deliver the ball and play ball "like a snore 'nuff ball player" the big pitcher got somewhat "hacked" and started in chewing the rag with the colored roofer.

Three new players for the Clarksville team are expected tomorrow morning. One is Collins, one of last season's popular men on the local team. He has been playing this year with Syracuse, is a fine centerfielder and last year was one of the heaviest hitters in the Kitty league. Another man is named James. He comes from Columbia, Tenn., and is said to be a good man. He will act as a relief catcher for Pettifer who has done hard and excellent work this year. A third man who will be used for general utility purposes will be here also.

This trio will greatly strengthen the local team and the boys should get together and win the pennant. They can do it.—Clarksville Star.

Brady is back from Jeffersonville and will probably work in the box this afternoon instead of Lloyd.

Bonno has been reserved for Sunday and the fans will probably be out in force to see the big league man work. Gilligan, Barlow and several other players in the league know Bonno and say he is about the hottest thing in the pitching line in the league.

There will be some changes in the team today. Land, who has been catching steadily and needs a rest will go first and Eddie Brahie will catch. Lally will play third, Gerard being benched for the present.

INCIPIENT BLAZE

Market House Had a Close Call
Before Daylight Today.

Box of Matches Ignited in a Drawer
and Set Fire to Counter.

Paducah's dilapidated market house would probably have been destroyed by fire at an early hour this morning had not Mr. Ed Duperrien, proprietor of a coffee stand inside, arrived in time to discover and extinguish a blaze in Mr. Steve Menard's stall.

Mr. Duperrien arrives early and usually opens the market house. This morning when he got inside he found volumes of smoke issuing from the counter at Mr. Steve Menard's stall, on the west side of the market house, second stall inside from Broadway. An investigation revealed the fact that the blaze was in the money drawer. Mr. Duperrien finally succeeded in breaking open the drawer and extinguishing the fire. He found that a box of matches had ignited, no doubt from spontaneous combustion, as there was no hole in the drawer by which a rat could have gotten inside.

The damage was slight, but Mr. Duperrien's timely arrival no doubt saved the market house, as it is nothing but mere framework of combustible material, and would soon have burned had the flames gained more headway.

A DUMMY

CREATED EXCITEMENT AMONG
COLORED PEOPLE.

Some wag last night placed a rag dummy in the grave at Sixth and Broadway where a man supposed to have been in a hypnotic trance lay buried for three days, and last night several negro women were badly shocked and frightened when through curiosity they looked into the hole and saw the rag dummy. The sleeper was taken out of the grave early in the evening and the hole, of course, was supposed to be empty. The nocturnal sightseers left for home in a dead run. The dummy was still in the grave this morning.

PARK SITE CONSIDERED.

A meeting of the park committee was held last night to consider the public park question. The members of the committee are: Judge W. M. Reed, president; W. P. Paxton, secretary; J. M. Lang and R. G. Caldwell, citizens, and Aldermen Davis and Singleton and Councilmen Hymarsh and Gilson, of the general council. The secretary was instructed to correspond with Mr. Abrams, of New Orleans, relative to some property near the new fair grounds, between Jefferson and Trimble streets, and the board will meet again when a reply has been received.

PRINCESS CHIMAY WEDS.

London, August 20.—Clara Ward of Detroit, heiress to \$3,000,000, who, as the Princess Chimay, was traveling companion of Violinist Tigo and a figure in other episodes which furnished food for much gossip in America and Europe, appeared yesterday in the registry office in London as the bride of her latest sweetheart, Ricardo, an Italian railway station employee, with whom she fell in love while traveling in the south. Before the marriage ceremony Tigo, in the presence of witnesses, was paid \$3,000, and signed a paper waiving all claim on the princess.

Jacob Hinson, an aeronaut, was drowned in Lake Alice, at Fergus Falls, Minn., hundreds of persons witnessing the accident.

UNION OF INTERESTS

COMBINING THE EDUCATIONAL
WORK OF TWO BRANCHES OF
METHODISM PROBABLE.

The approaching session of the Kentucky conference of the Methodist Episcopal Church, South, which meets at Lexington August 31, will be one of the most interesting and important church assemblies ever held in Kentucky. In addition to the regular routine work of the conference, action will be taken on the question of the proposed consolidation of the educational work of the Southern and Northern Methodist Churches in Kentucky. Unusual interest attaches to the solution of this church problem, not only on account of the speed will decision, but also on account of its far-reaching influence on Methodist polity.

The division of the Methodist Church in 1844 into two branches is ancient history to most of the members on either side. The contentions, prejudices and passions growing out of the Civil War have largely been forgotten and passed into history. An era of good feeling and fraternity now is in full blast, and neither side would tolerate any agitation that sought to revive the animosities of the past. The organic union of the churches is not an issue; but practical fraternity and co-operation are eagerly encouraged by both sides.

7,000,000 ATTENDED

FIRST HALF OF WORLD'S FAIR
PERIOD ENDS AND GREAT
HOPES ARE HELD FOR
SECOND HALF.

St. Louis, Mo., Aug. 20.—(World's Fair Grounds.)—The Louisiana Purchase Exposition has entered upon the second half of its entire period, and the total attendance up to date in round numbers is 7,000,000. There is not the least doubt expressed but that the second half will even more than triple the attendance so far recorded.

While St. Louis has enjoyed remarkably cool weather this summer, the coolness of fall and early winter comes during the second half. The exposition stands absolutely complete in every detail, and the merits of the great enterprise have become widely known, and for these reasons great confidence is felt in estimating a record-breaking attendance before December 1, when the Exposition closes.

THE PADUCAH EVENING SUN.

The Week In Society.

A LOVE LETTER.

Dear Adeline: Your grace hath lent
To me a new charm. Of old, I bent
Above a dark and toilsome way
With empty heart. By naught made
gay.
When Duty becked, in grief I went.
And then—you came! The clouds
were rent.
The roses bloomed with rarer scent
Beneath your smile. The world
was May.
Dear Adeline

But one thing lacks. To crown con-
tent,
Defer no more the glad event.
Come, sweetheart, name the happy
day.
When next you write, a postscript,
play—
A word or two to give consent,
Dear, add a line!
—Samuel McInturn Peck, in Smart
Set.

TWO CHARMING GUESTS.

The only thing of importance on
the social calendar the past week was
the dance given by Miss Lillian Greg-
ory at Wallace Park in honor of
charming guests, Miss Virginia Ben-
nett, of Danville, and Miss Gertrude
Funk, of Indianapolis. Miss Bennett
is the daughter of the late Judge Cas-
well Bennett, formerly Chief Justice
of the Kentucky Court of Appeals,
who was a native of Western Ken-
tucky. Her mother, who was Miss
Mollie Crounough, of Eldysville, is
also a West Kentuckian and is one of
the brightest women in the state.
With such ancestry it goes without
saying that Miss Bennett, who is still
a school girl is unusually attractive.
Miss Funk is also a charming young
woman, and has become quite popu-
lar here.

THE WEATHER.

CHRISTENING VESSELS.

The various eastern societies objected to the christening of the battleship Connecticut with champagne, and petitioned acting Secretary of the Navy, Darling to use spring water instead.

For the past ten years the total assistance societies throughout the country have been trying to induce the navy department to christen United States ships with spring water instead of champagne, but their efforts have met with poor success. Only one vessel in the navy was so christened, and, strange enough, that one was the battleship Kentucky. However, as an observer of the launching broke two quarts of Kentucky bourbon against the vessel's side as she was sliding down the ways after the official champagne christening, it cannot be said that the launching was entirely a temperance affair.

The petition just presented, declares that "The use of wine in the ceremony is a practice misleading to the young, questionable to others and objectionable to many."

In his reply Judge Darling says in part: "I have great respect for your cause and your organization, comprising 46,000 societies and 3,999,000 members in the United States, but in this particular case, as a practical question, I am unable to reach your conclusion. If the youths of the country are misled, it is not by the ceremony of breaking wine upon the iron prow of a battleship, but because they follow false prophets, and if the use of wine is 'questionable to others and offensive to many,' it is because of 'evil to him who evil thinks.'"

"It is inconceivable that the breaking of a bottle of wine upon the Connecticut can injure her as a battleship or work the slightest injury to any man; and as an example it seems to me that the cause of temperance would be better served if more of the world's product of wines were spilled overboard in wash the hulls of battleships."

"Finally, permit me to suggest that you and the 3,999,000 people you represent ought to find some comfort in the thought that wine thus expended can neither imperil the soul nor contribute to the cup of human sorrow."

TOM WATSON ON DEMOCRACY.
Here are a few striking truths from Tom Watson's speech:

"It is an easier and quicker job to strike an open enemy right between the eyes than it is to tear off the mask from the face of a pretended friend and show him to be the hypocrite that he is. That is why I am consuming more time in discussing the Democrats than in speaking of the Republicans."

a situation so ludicrous as that which the national democracy now holds. I can understand how the citizen can work for the Republican party and vote its ticket with enthusiastic zeal, but why any human being should, in the year 1904, vote the national Democratic ticket is something that passes my comprehension.

"Boiled down to its real essence, sifted to its real meaning, the Democratic campaign of 1904 is a mere unscrupulous hunt for office."

Mr. Watson, it might be added, represents the Populist party, which has been voting the Democratic ticket for the past eight years.

The Democrats of Kentucky seem to be worried over the fate of former Governor, W. S. Taylor, should the Democrats elect a governor of Indiana in November. There is no cause for alarm. Indiana will go Republican by 25,000 majority. The Democrats are pleased to refer to Gov. Taylor as "a fugitive from justice." He has never been a fugitive from justice, but from justice. He has signified his willingness to return at any time he is guaranteed a fair trial, but he can never get a fair trial as long as Kentucky has partisan courts. If the Democrats of Kentucky want W. S. Taylor they can get him by giving him a fair trial. This will be vastly easier and quicker than waiting for Indiana to elect a Democratic governor who will send him to Kentucky to become a victim of partisan persecution, as Caleb Powers and others have been for the past four years.

The Owensboro Inquirer, independent, says: "The idea of the elevation of Judge Cantrill to the appellate bench of Kentucky is repulsive to every man who realizes the importance of the position and has a proper conception of the character of man who should fill it. That a man should be elevated to the supreme bench by the methods followed in the convention that nominated Judge Cantrill is an outrage upon decency, but as long as it is Judge Cantrill we will willingly concede that the methods were eminently proper. If it had been done by a clear majority and acquiesced in by the party we should say that we had lost hope. Rascality cannot always win, even for rascals and among rascals."

The Democrats of Kentucky will make very little headway in getting so-called "fugitives from justice" as long as they have Cantrill Hargis and others who belong to the breathless county clerk. Hargis virtually nominated Cantrill for the court of appeals. These inseparable comrades always stick together. The question is, if Cantrill is elected, who will really be judge, Cantrill or Hargis?

Those Democrats who think the Populist ticket should support the Democratic ticket should read the Populist nominee's speech. It needs no explanation. It shows a determination which further reduces the chances of those, Mr. Watson declares are engaged in a "mere unscrupulous hunt for office."

"Aunt Carrie" Nation has at last spoken. She commends Bishop Potter for being courageous enough to stand by his convictions, which she says, others are too hypocritical today, and then gives him fits for his convictions.

If the "drys" win in Mayfield today, the "wets" needn't worry. They can still have their "licker" sent to them from Paducah by the jug, demijohn or barrel, or if they prefer, they can buckle on their shooting iron, put a roll in their pockets, and come after it.

Mayfield is today voting on whether to sell whiskey legally or to continue selling it illegally. In the local option campaign just ended, Paducah has been

held up as a horrible example, but the people here doubtless will take the same in preference to the blind tiger every time.

Just like the gang to wait until hot weather is about over, after the public and the press have for weeks been shouting themselves hoarse for relief, and then become wonderfully solicitous about public health.

Paducah needs a board of health that will have backbone enough to do its duty.

Judge Parker is probably beginning to wish he hadn't resigned his judgeship.

Man Shot by Gip Griffith is Dead.

Much Excitement in Kentucky Over
Cabbage Snakes—Deaths at Fulton and Mayfield.

CONFEDERATE REUNION SOON

Hopkinsville, Ky., August 20.—

Henry Warner, aged 70, a farmer of the Fruit Hill vicinity, died from the effects of wounds sustained on June 22, when he was shot and clubbed by Gip Griffin, a dropper. The men had disputed about the working of stock and parted in anger. An hour later, Griffin armed with a shotgun went to the field in which the old man was working, and, according to Mrs. Warner and others who were eye witnesses from the house, fired on him.

Warner was struck by some of the shot, but remained standing and Griffin advancing closer, fired again, the full charge entering the farmer's leg and hip. Griffin struck Warner several times on the head with the butt of the gun and then ran. He has not been captured, though officers have searched for him. Griffin is about 35 years old and has been married only a few months. He has a brother, Pete Griffin, in Paducah.

THE CABBAGE SNAKE.
Cloy's Landing, Ky., August 20.—

The cabbage snake or worm has been found to exist here, and, with the discovery, cabbage is left off the table.

Mr. Peady G. Bedford has one of these snakes, which he has preserved in a jar of alcohol. It is of a pink color, the size of a hair or finer, has a head like a black bead and is nine inches long—the longest yet reported. It was found by Mr. Bedford's daughter-in-law, Mrs. Daisy Bedford, who first saw it crawling on her hand while she was preparing a head of cabbage to cook. These snakes are said to be of every color imaginable, or various lengths and almost too small to be visible to the naked eye. They are said to be very poisonous. It is claimed that one tiny snake contains enough venom to kill several persons, and that when one of them is eaten death follows immediately.

A report has reached here which says that several persons have died in Clay County, Tenn., from eating cabbage.

They had been regarded as suspects until after the burglary, when they disappeared. They were captured near Hamlettsburg, Ill., and taken to Smithland, then brought here by Marshal McCallum.

C. D. Taylor, Clerk of the City Board of Health of Jacksonville, Fla., has occupied that position for the last ten years. In a recent letter to the Peruna Drug Mfg. Co., he expresses his approval of their famous catarrh remedy Peruna in the following words:

"The health of the poor of a large city is always a question of vital interest not only to the city officials but to every citizen. It has been a source of much satisfaction to me to find that so large a number of working people in moderate circumstances have accepted Peruna as their family medicine. It has cured a large number of cases especially of catarrh of the head, lungs and stomach, and building up the general health it cannot fail but prove a help and blessing to every community where it is generally adopted and used. I have found it an honest reliable remedy and am pleased to endorse it."

ABILENA

Abilena is a natural water. It holds in solution salts dissolved from natural deposits in the earth. It is Nature's cathartic compound—a natural mineral water. Mineral waters are recognized everywhere as the most efficient, as well as the least injurious, cathartics. Abilena is the best mineral water on the American market. It is The American Natural Cathartic. The discovery of Abilena was a simple revelation of nature. For a long time after the first well was dug, the water, being unfit for domestic purposes, was not used at all. Practical tests afterward disclosed its medicinal properties and the report of its virtue was rapidly disseminated. Finally several chemists analyzed the water and the results manifested its great therapeutic value and predestinated its future renown. Sold only by

BAD BOYS ARE HELD ON FELONY CHARGE

One Fined \$25 as a Result of Wrecking School.

The Case Was Heard Before Judge Saunders—Several Proved They Were Not in It.

POOL CASE AGAIN CONTINUED

Holding over to circuit court of Ed Skillian and Coach Eggleston and a \$25 fine and costs for Judge Schreve, is the result of the case against the above three and four other youths of the south side who broke into the Franklin school building and completely wrecked the furniture several days ago.

Joe and Ed Meadows, Bernard Sanders, Hery McGee and Ray Smith with the above three, were originally arraigned but no evidence could be secured against Meadows, Sanders, McGee and Smith youths, who were dismissed. The testimony as to the others, however, showed that Skillian and Eggleston had taken one of the desks from the building and sold it to a Mrs. Williams and for this action they were held over on the charge of obtaining money by false pretenses. Schreve took no part in this but it was proven he helped wreck the furniture, and he was fined.

This is a very interesting case as the damage to the building is great. The furniture will have to be replaced by new desks and other equipment and the school will probably be delayed in opening this fall.

The case against Melander Pool for pointing a shotgun at Attorney William T. Bradshaw was continued until Wednesday, Mr. Pool being ill and unable to attend court.

Albert Hickerson and Alvin Perry, colored, were fined \$1 and costs, the former for drunkenness and the latter for using insulting language.

The judgment in the Lige Schreve case was appealed.

TRUE FRIEND

HIE KNEW WHAT FOOD ALONE WOULD DO.

"Three years ago my brother was suddenly attacked with an acute stomach trouble that ultimately reduced him to a mere skeleton. He consulted three physicians and two specialists but they gave him absolutely no relief.

"Eating ordinary food, even the smallest quantity, meant for him terrible pain which kept up until he had vomited almost all of the food up again.

"He tried so many prepared foods but not one of them seemed to help. He said they even aggravated his trouble and when a friend urged him to try Grape-Nuts he bluntly refused. This friend being persistent went out and bought a package of Grape-Nuts prepared a small amount of it and actually urged him until he ate it with some cream. The results were pleasant for the first time in a long, long time he had found food that would stay on his stomach.

"Not only that but the Grape-Nuts rapidly brought him back to health. He lived on Grape-Nuts and cream the following week and nothing else and the effects were magical and the following three months he ate nothing else, taking absolutely no medicine and in that short time not only was his health entirely regained but his weight also and today he is strong and in perfect health once more."

Name given by Postum Co., Battle Creek, Mich.

When trouble comes from improper food no medicine can cure until that improper food and its effects have been corrected by a change of diet to the proper food. Grape-Nuts being absolutely the most nourishing and the most digestible food in the world work wonders in such times as a ten days trial proves. "There's a reason."

TEN DAYS SUSPENSION.

The police commissioners held a called meeting last night to investigate charges of using unbecoming language, preferred against Officer Aaron Horley. It was alleged he told a stranger at the Commercial Hotel that if he talked too much, he "would hit him in the mouth." Officer Horley explained that his temper got the better of him. There were many witnesses who testified that the officer is one of the best and most faithful and efficient in the city, which the commissioners knew, but on account of the technical violation of rules he was suspended for ten days, dating from August 15th.

A CONTINUAL STRAIN.

Many men and women are constantly subjected to what they commonly term "a continual strain" because of some functional or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot as a rule, get rid of this "continual strain," but they can remedy its health destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower, 25c; regular size, 75c. At DuBois, Kolb & Co.

LOCAL COAL MEN

MAY PROSECUTE I. C.

They Form an Association for Mutual Protection.

Local Coal Has Been Bought From the Mines For Private Use and Hauled at Half Rates.

WHAT THE COAL MEN SAY

The local coal dealers held a meeting a few nights ago to discuss the matter of preventing persons not dealing in coal to purchase it by the car load from the mines. No final action was taken except that an association was organized. The dealers threaten to prosecute the Illinois Central before the railroad commissioners for the alleged violation of the freight laws, because it is alleged the road has been allowing employees to order coal from the mines direct, and has been hauling the coal at half rates.

The local dealers have appointed a grievance committee to confer with the railroad commissioners.
"We have formed an association similar to that of the retail grocers," one coal dealer stated this morning, "for the purpose of protecting our business. An ally the railroad gives its employees a half rate on coal shipments, and they order a car of coal and get it here for 40 cents per ton, while the dealers are charged 80 cents. The coal when it arrives is divided among those who made up the order, and from what we have learned the employees alone are not benefited, but outsiders are often let in on it. It is not fair for the mines to sell coal in carload lots for private use. We are here in the coal business and have to depend on it for a living. We pay taxes, a license, for bookkeepers, clerks, wagon drivers, feed, stables, and scores of other things necessary in conducting our business, and it is not right or fair for those who depend on us to put their product on the market, to sell to people who have to pay no license and are under no expense for carrying on the coal business, and get it hauled here at half rates."

"I understand that some complaint has been made, but it is foolish. People can't buy anything else in car load lots unless they are dealers. They can't get a car load of flour, of coffee, of bacon, of meat, or anything else unless they are dealers, and buy it to resell. This is because the manufacturers and wholesalers protect the retail trade, and is what we want the mine operators to do for the retail coal trade."
The Pittsburgh coal combine was not represented in the meeting, as it markets its own coal.

The other side is simply that every person wants to get his coal as cheap as he can, and some of the residents of Paducah, it seems, had a chance to get it cheaper than they could from local dealers, and took it, in which they are perfectly justified.
LAST DAY
THE FAIR CLOSES AFTER A SUCCESSFUL WEEK.

The fair and races yesterday afternoon received a very good patronage, especially from the ladies. The week's festivities close today.

The crowd was nearly as large as the previous day and the racing was good and enjoyed by all in attendance.
Today is the last day of the fair and tonight with the open air entertainment it will close. The entire week has been successful. The world's fair at St. Louis affects all such fairs and after 1907 the smaller fairs will be better patronized.

The little fellow was playing in the street when the accident happened and the glass cut the ball of the big toe entirely off. Dr. P. H. Stewart dressed the wound.

Moran of the Lady Letty

By
FRANK NORRIS.

S. S. McClure Company

Her fore and main top's and to-gal-lanta's were set, as also were her lower stays and royals. But the braces seemed to have parted, and the yards were swinging back and forth in their ties. The spanker was brailled up, and the spanker boom thrashed idly over the poop as the bark rolled and rolled. The mainmast was working in its shoe. The rigging and back-stays sagged. An air of abandonment, of unspeakable loneliness, of abandonment, hung about her. Never had Wilbur seen anything more utterly alone. Within three lengths the captain rose in his place and shouted:

"Hark ahoy!" There was no answer. Thrice he repeated the call, and thrice the dismal thrashing of the spanker boom and the flapping of the sails were the only answers. Kitchell turned to Wilbur in triumph. "I guess she's ours," he whispered. They were now close enough to make out the bark's name upon her counter, Lady Letty, and Wilbur was in the act of reading it aloud when a huge brown dorsal fin, like the triangular sail of a lugger, cut the water between the dory and the bark.

"Shark!" said Kitchell. "And there's another!" he exclaimed in the next instant. "And another! Strike me, the water's alive with 'em! There's a stiff on the bark, you can lay to that!" And at that, acting on some strange impulse, he called again, "Hark ahoy!" There was no response.

The dory was now well up to the derelict, and pretty soon a prolonged and vibratory hissing noise, attendant, insistent, smote upon their ears. "What's that?" exclaimed Wilbur, perplexed. The captain shook his head, and just then, as the bark rolled almost to her scuppers in their direction, a glimpse of the deck was presented to their view. It was only a glimpse, gone on the instant, as the bark rolled back to port, but it was time enough for Wilbur and the captain to note the parted and open seams and the deck bulging and in one corner blown up and splintered.

The captain snatched a thigh. "Coal!" he cried. "Anthracite coal! The coal he's up and generated gas, of course no fire, 't understand, just gas—gas blew up the deck—no way of stopping combustion. Naturally they had to cut for it. Kitchell the gas, can't you? No wonder she's hissing—no wonder she rolled cargo over off in gas—and what's to weigh her down? I was wondering what could 'a wrecked her in this weather. But it's as plain as A B C."

The dory was alongside. Kitchell watched his chance and as the bark rolled down caught the mainyard brace hanging in a light over the rail and swung himself to the deck. "Look sharp!" he called as Wilbur followed. "It won't do for you to fall among them sharks, son! Just look at the hundreds of 'em. There's a stiff on board, sure."

Wilbur attended himself on the awaying broken deck, choking against the reek of coal gas that blew upward on every hand. The heat was almost like a furnace. Everything metal was intolerable to the touch.

"She's abandoned, sure," muttered the captain. "Look! And be pointed to the empty chocks on the house and the severed lashings. 'Oh, it's a haul, son—it's a haul, an' you can lay to that. Now, then, cabin first.' And he started aft.

But it was impossible to go into the cabin. The moment the door was opened suffocating billows of gas rushed out and beat them back. On the third trial the captain staggered out, almost overcome with its volume.

"Can't get in there for awhile yet," he gasped, "but I saw the stiff on the floor by the table. Looks like the old man. He's split his false teeth out. I knew there was a stiff aboard."

"Then there's more than one," said Wilbur. "See there!" From behind the wheel box in the stern protruded a hand and forearm in an oilskin sleeve. Wilbur ran up, peered over the little space between the wheel and the wheel box and looked straight into a pair of eyes—eyes that were alive. Kitchell came up.

"One left anyhow," he muttered, looking over Wilbur's shoulder. "Sail or man, though. Can't interfere with our voyage. The bark's derelict right enough. Shake him out of there. Can't you see the lad's dotty with the gas?" Tramped into the narrow space of the wheel box, like a terrified hare in a blind burrow, was the figure of a young boy. So trimly was he wedged into the corner that Kitchell had to kick down the box before he could be reached. The boy spoke no word. Stupefied with the gas, he watched them with vacant eyes.

Wilbur put a hand under the lad's arm and got him to his feet. He was a tall, well made fellow, with ruddy complexion and milk blue eyes, and was dressed, as if for heavy weather, in oilskins.

"Well, sonny, you've had a fine meal aboard here," said Kitchell. "The boy—he might have been two and twenty—stared and frowned.

"Clean loco from the gas. Get him into the dory, son. I'll try this bloody cabin again."

Kitchell turned back and descended

from the poop, and Wilbur, his arm around the boy, followed. Kitchell was already out of hearing, and Wilbur was bracing himself upon the rolling deck, steadying the young fellow at his side, when the latter heaved a deep breath. His throat and breast swelled. Wilbur stared sharply, with a muttered exclamation.

"Heavens, it's a girl!" he said.

(TO BE CONTINUED.)

THE ANNIE RUSSELL WAS HERE TODAY

Millionaire Russell Gardner
Talks of New Wheel Factory.

Says He Will Probably Establish
Both a Wheel and a Buggy
Factory in Paducah.

WILL RETURN HERE MONDAY

Mr. Russell E. Gardner, of St. Louis, president of the Banner Huggy company, and a well-known St. Louis millionaire, reached Paducah yesterday afternoon, late on his pleasure boat Annie Russell, enroute to Cairo on business. Mr. Gardner started to Pittsburgh, but had to turn back at Cincinnati, on account of low water. He went to Cairo this morning to meet some friends from St. Louis, but will return to Paducah tomorrow or Monday.

"I just stopped at Paducah on my way down," said Mr. Gardner to a reporter. "I expect to be back in a couple of days. 'I am arranging to start a wheel factory in Paducah, and possibly a buggy factory, and expect to have the details arranged by Monday, and will then, if it is fully decided, will be pleased to tell you about it."

This is the big factory mentioned in the Sun some weeks ago as an industry to be established here in the future.

Mr. Gardner was today in conference with local men interested in the project, and it seems from his talk, although he did not make a positive statement to that effect, that he intends to locate not only the wheel factory mentioned before, but a buggy factory as well. The factory alone is to cost about \$100,000, and several hundred men will be employed in it. The buggy factory, if he decides to add this to the other, will employ several hundred more.

The site that Mr. Gardner will probably select is near Little's Spoke factory, southwest of the city.

Mr. Gardner is president of the Missouri Athletic Club, and it is said of him that with the last year different employees of his have fallen short in their accounts to the extent of \$5,000 and he refused to appear in court to prosecute them. He says there is a difference between the fellow who steals and the fellow who "borrows" expecting to pay back, and there is also the fellow who may take to aid a sick mother, or wife or save the life of a dying child.

"Why, they could eat up my fortune before I'd raise my hand against such offenders," he is quoted as having said. He states that one of his most trusted employees was once caught in the act of taking ten dollars from a pay envelope.

The President of Nicaragua, Salvador and Honduras will hold a peace conference.

FAIR ASSOCIATION TO BE ORGANIZED

Paducah to Have Real County Fairs Hereafter.

A Meeting to Be Held at Hotel Lagomarsino Next Week to Organize \$10,000 Company.

NEW GROUNDS MAY BE BOUGHT

Paducah is to have a real, old county fair hereafter. Next week a meeting will be held at Hotel Lagomarsino to organize a fair association with a capital stock of \$10,000. About twenty-five of Paducah's prominent and most substantial men will be members of the association, and will at once prepare to give country fairs as they were given years ago, when the races here were equal to those witnessed in Memphis, Louisville and St. Louis.

Mr. L. A. Lagomarsino is one of the promoters. His experience with carnival companies, and his observation of the way the so-called fairs of the past two years have been received in Paducah, has convinced him and others that Paducah is the best fair town in this section of the country, and they have decided to organize an association.

The present fair grounds may be used if they can be bought on satisfactory terms. If not the new association will buy ground somewhere else on the river. There is nothing to the present fair grounds of much value except the ground itself, anyhow, and it may possibly turn out cheaper to purchase new grounds.

This will all be determined later. It is the intention of the new association to have first class races with generous purses, exhibits, and in fact, everything essential to a real county fair, with real races and everything on the square. The officers of the association will at once proceed to get things in shape. They expect to have the annual carnival on the fair grounds in the spring, as there is now no suitable site large enough in Paducah, and the fair and races in the fall.

Paducah last fair association went under because it was not permitted to be given as other fairs. A real fair, says the promoters of the new association, will pay well. Paducah has every county between Paducah and St. Louis, Paducah and Evansville, Paducah and Louisville and Paducah and Memphis, to draw from.

"If we give them first-class races and attractions," remarked one of the promoters this morning, "We'll get the people, and that's what we intend to do."

The exact date for the meeting has not been fixed, but it will be about the middle of next week.

BAND CONCERTS.

Prof. John Dean and wife have returned from St. Louis after attending the fair and tonight Prof. Dean will give another big concert on lower Broadway with his band. Several solos and selections by local composers will be played.

Tomorrow afternoon at Wallace park the Deal band will give a Sunday afternoon concert. These have proven popular and a good program has been arranged.

—Rainfall for this section has been less than half an inch since yesterday morning.

There is no profit in paying for profit alone.

PADUCAH IS AHEAD.

HAS FURNISHED THE REFORM SCHOOL WITH THE MOST CHILDREN.

Deputy Sheriff Joseph Wood, of McCracken county, today brought Charles Burns, a young white boy of Paducah, to the House of Reform in this county, where he will be kept until he is twenty-one years of age, says a Lexington dispatch. Young Burns has been much trouble to his parents, who decided to have him sent to the school for several years. Of all the children, both boys and girls, now confined in the reform school, a big majority of them are from the western part of the state. Paducah heading the list of cities that have sent children here to be raised, owing to the inability of their parents to bring them up properly.

RHEUMATISM.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop., Sullivan House, El Reno, Ok., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, \$1.00. DuBois, Kolb & Co.

—The L. A. L. team will go to Princeton Sunday to play, and Short and Flays will be the battery for the L. A. L's. This is Paducah's strongest amateur team and will give the Princeton boys a hard fight.

BACK HOME

ALLEGED SWINDLER FROM OHIO TAKEN THROUGH TODAY.

Sheriff C. E. Vandervort, of Wellington, Clinton County, Ohio, passed through the city today at noon enroute home from Paris, Tenn., with William J. Erwin, of Cincinnati, wanted at Manchester, Ohio for arson.

With the Ohio officer came Marshal Charles McNutt, of Mayfield, who assisted in effecting Erwin's arrest. Marshal McNutt passed through the city several days ago and went south on the N. C. & St. L. road. He and Sheriff Vandervort located Erwin and soon had him under arrest.

The sheriff had the necessary papers to take Erwin back to Ohio and left at noon with his prisoner. He got off the N. C. & St. L. train at 1 o'clock, and boarded the L. C. train two minutes later, making direct connections.

Erwin is accused of burning houses in Manchester for insurance, and is said to have worked with one woman and two men, who are still at large, when the authorities got after the party the members separated and Erwin is the first to be arrested.

NO TRIAL

JOHN STEELE WAIVED EXAMINATION AT BENTON.

Today the trial of John Steele for forgery was to come up at Benton, and this morning Officer Aaron Harley who made the arrest, Captain M. A. McCawley, of Brookport, whose name was forged and Mr. Lee Robertson, who runs the Tony Faust, where Steele stayed, went to that city to appear as witnesses.

Steele, it will be remembered, had been laying about the city for some time and is alleged to have presented a forged check to Sam Neal at Gilbertsville. Neal discovered the forgery and came to Paducah and effected Steele's arrest.

The witnesses returned at noon, Steele having waived examination.

SAYS JAPS WILL CAPTURE FORT. Chifu, Aug. 20.—The Japanese Consul at Tsien Tsin has arrived here and says that today's assault on Port Arthur by the Japanese is directed against the fortresses along the entire front port. "It is the Japanese supreme effort," said the Consul, "to which recent battles were preliminary. Firmly believe that Port Arthur will soon be in our possession."

—Considerable amusement was created at Thirtieth and Broadway yesterday afternoon when one of the blind men attacked the negro boy who was leading the other blind man and kicked him for saying that he was only playing blind. There were two blind men on the corner, one selling gum and the other playing a fiddle. The colored boy with the gum man said the fiddler wasn't blind, and whether he was or not he had no trouble catching the boy and giving him a kicking.
